

PRESS RELEASE

Banca Intesa has provided special conditions for consumer loans ahead of the 51st International fair of furniture, equipment and interior decoration

More affordable consumer loans for purchase of furniture

Belgrade, November 8, 2013 – Banca Intesa has prepared even more affordable conditions for consumer loans for purchase of furniture, lighting, floor and wall coverings and home accessories, ahead of the 51st International fair of furniture, equipment and interior decoration. Those loans are available by November 30 without loan processing fees and with lower interest rates, which are 6 percentage points lower than in the standard offer for dinar loans. In order to get such a loan, citizens are not obliged to make transfer of income to Banca Intesa.

Consumer loans of Banca Intesa for purchase of furniture and accompanying equipment are granted to all the interested citizens in dinars and euro-pegged. Clients who opt for the dinar model will have a fixed monthly installment during the whole repayment period. This model is available without down payment, in the maximum amount of 800,000 dinars and a repayment period up to 60 months. Euro-pegged consumer loans are granted in the amount up to 8,000 euros with a repayment period up to 84 months, with a minimal down payment of 30%.

The procedure for applying for the Banca Intesa consumer loans is very simple. When applying, citizens only have to submit a pro-forma invoice of the vendor and confirmation on employment and height of income. The request for a consumer loan for purchasing furniture and accompanying equipment can be made in any of nearly 200 branch offices of Banca Intesa across Serbia.
